

## 9300 Series

## Solar Kit SF1-150

The optimum solution to your remote water pumping needs. This pump is rugged, durable and built to last. The 9300 can deliver steady over 300 litres of water per hour from a depth of 70 meters. Typical flow rates when supplied with a 24Vdc and a 12Vdc system can be seen from the tables below. It's unique watertight power connector stops water wicking and prevents potential condensation problems. The ideal pump for livestock and game watering, irrigation, decorative ponds, rural homes, an many more.

### Kit comprises:

- SHURflo 9325 Submersible Pump
- Solar Panel SP140-24
- Solar Panel Mounting Structure
- Pump Controller
- Cable, 2.5mm x 2-core incl. Plug
- Pipe Fittings
- Pack of Cable Ties
- Well Head Base Plate (25mm)
- 7mm Nylon Safety Rope
- SHURflo Installation Manual

### \*SHURflo 9300 Series Submersible Pump with 140W/24V PV Module

Total Vertical Lift	Flow Rate Per Hour	Solar Kit	Min. Module Size
